

Elevate the aesthetic of your laminate countertops with L.E. Smith Company's IdealEdge® Decorative Edging. Say goodbye to the flat edges and brown seams that have long been associated with laminate surfaces. IdealEdge® offers a seamless, polished finish that mimics the sophisticated look of high-end materials like wood, stone, granite, and quartz.

Double Radius:

Perfect for classic stone and wood looks, this profile adds a timeless touch to any surface.

Waterfall:

Adds subtle dimension and interest, ideal for modern styles.

Bullnose:

Provides a realistic, rounded edge that complements stone patterns beautifully.

Ogee:

Elevates the luxury of any surface, especially when paired with stunning 180fx® laminate patterns.
